Daktronics, Inc. announces record first quarter resultsRecord sales and strong performance in the commercial market highlight first quarter

Brookings, S.D. – August 18, 2004 - Daktronics, Inc. (Nasdaq - DAKT), today reported fiscal 2005 first quarter net sales of \$58.7 million and net income of \$5.0 million or \$.25 per diluted share, compared with first quarter net sales of \$48.9 million and net income of \$4.3 million, or \$.22 per diluted share, one year ago. Backlog at the end of the quarter was approximately \$58 million, compared with a backlog of approximately \$56 million at the end of the first quarter of fiscal year 2004.

"As evidenced by our backlog, our order bookings exceeded sales and were especially strong in our commercial and transportation markets," said Jim Morgan, president and CEO. "Our domestic sports market also performed well in spite of the fact that business in professional sports facilities was down. We continue to book larger orders for display systems for high schools, which is a reflection of the growing market for our products. On the international side of our business, orders and sales were down quarter over quarter. We expect our international business to be lumpy because it consists primarily of large orders. We maintain positive expectations for our international business over the long term," Morgan stated.

"The highlight on the international front is the excitement of being a part of the Olympic Games in Athens, Greece, where we have a number of employees supporting Swiss Timing, Ltd., a company of the Swatch Group, providing technical support for Daktronics displays at many of the competition venues. Although the revenue being generated from the project in fiscal 2005 is not significant, it is noteworthy that this is the eighth Olympics in which we have had a major involvement and a testimonial to our ability to perform at that level," Morgan stated.

"On the product side of our business, we continue to see great customer acceptance of our outdoor Galaxy displays for on-premise retail advertising, and are particularly pleased with the reception our new color Galaxy products have received in the market-place and how this has driven sales in our commercial market. The growing demand for these products has caused our standard orders to grow nicely as a percent of sales and are an important contributor to our gross margin growth. We also installed our first V-Net controlled digital signage system using our 40-inch LCD product and have begun shipping our new line of ProTable full-color LED courtside scorers tables," said Morgan.

"We estimate net sales for the second quarter of fiscal 2005 will be in the range of \$60 to \$66 million, with earnings in the range of \$.22 to \$.30 per share. Based on our current backlog, favorable order potential for the foreseeable future, and an expectation that economic conditions will remain stable during the next nine months, our estimates for fiscal 2005 revenues remain unchanged at between \$235 million and \$250 million and we expect that annual earnings will also increase over the previous fiscal year, taking into consideration the probability of lower a gross profit percentage during the fiscal year," Morgan added.

"During the quarter our gross profit percentage exceeded our expectations as a result of stronger performance on a couple large projects which are nearing completion, order mix and various other factors," said Bill Retterath, chief financial officer.

"On operating expenses, we were able to gain some leverage through a reduction in operating expense as a percentage of net sales. Our cash flow from operations for the quarter was down slightly as compared to last year, primarily as a result of a growth in receivables concentrated in a few large projects and a temporary increase in inventory related to our standard commercial products in advance of expected order volume," said Retterath.

The Company will webcast its quarterly conference call at 10:00 am (central) on Wednesday, August 18, 2004. To listen to the webcast, go to www.daktronics.com, and click on the icon at the bottom right corner of the screen. Completion of a short registration form, along with Windows® Media Player software, are required to hear the webcast. A replay of the teleconference via the internet will also be accessible shortly after the conclusion of the conference call through www.daktronics.com. A replay of the teleconference accessible by telephone will be available for one week starting at noon Central Time on August 18. To access the replay, call toll-free in the U.S. and Canada 800-633-8284 and enter code #21204781. International callers can dial 402-977-9140 and enter code #21204781 to hear the replay by phone.

Daktronics has strong leadership positions in, and is one of the world's largest suppliers of electronic scoreboards, computer-programmable displays, large screen video displays, and control systems. The Company excels in the control of large display systems, including those that require integration of complex multiple displays showing real time information, graphics, animation and video. Daktronics designs, manufactures, markets and services display systems for customers around the world in sport, business and transportation applications, and celebrated its 35th year in business in 2003. For more information, visit the Company's worldwide web site at http://www.daktronics.com, email the Company at sales@daktronics.com, call toll-free 1-800-DAKTRONICS (800-325-8766) in the U.S., or write to the Company at 331 32nd Avenue, P.O. Box 5128, Brookings, SD 57006-5128.
