#### **EXHIBIT INDEX**

Exhibit No. Description

99.1 Press Release dated November 22, 2016 issued by Registrant regarding second quarter fiscal 2017 results.

### **Daktronics, Inc. Announces Second Quarter Fiscal 2017 Results**

Brookings, S.D. – November 22, 2016 - Daktronics, Inc. (NASDAQ - DAKT) today reported fiscal 2017 second quarter net sales of \$170.0 million, operating income of \$12.7 million, and net income of \$9.0 million, or \$0.20 per diluted share, compared to net sales of \$157.7 million, operating income of \$5.6 million, and net income of \$3.2 million, or \$0.07 per diluted share, for the second quarter of fiscal 2016. Fiscal 2017 second quarter orders were \$116.9 million, compared to \$135.6 million for the second quarter of fiscal 2016. Backlog at the end of the fiscal 2017 second quarter was \$142 million, compared with a backlog of \$184 million a year earlier and \$198 million at the end of the first quarter of fiscal 2017.

Net sales, operating income, net income, and earnings per share for the six months ended October 29, 2016, were \$327.1 million, \$20.6 million, \$14.6 million, and \$0.33 per diluted share, respectively. This compares to \$307.9 million, \$11.7 million, \$6.9 million, and \$0.16 per diluted share, respectively, for the same period in fiscal 2016.

Cash flow provided by operating activities in the first six months of fiscal 2017 was \$15.0 million, compared with cash used of \$9.0 million in the same period last year. Free cash flow, defined as cash provided from or used in operating activities less net investment in property and equipment, was a positive \$10.5 million for the first six months of fiscal 2017, as compared to a negative free cash flow of \$19.4 million for the same period of fiscal 2016. Net investment in property and equipment was \$4.6 million for the first six months of fiscal 2017, as compared to \$10.4 million for the first six months of fiscal 2016. We repurchased approximately 0.3 million shares of common stock at an average price of \$6.42 per share for a total use of cash of \$1.8 million during the first six months of fiscal 2017. Cash, restricted cash, and marketable securities at the end of the second quarter of fiscal 2017 were \$52.2 million, which compares to \$52.6 million at the end of the second quarter of fiscal 2016.

Orders for the second quarter of fiscal 2017 decreased 13.8 percent as compared to the second quarter of fiscal 2016. Orders increased in our Commercial, International, and High School Park and Recreation business units and decreased in our Live Events and Transportation business units. Commercial business unit orders were up compared to last year primarily due to the award of several large projects in the spectacular niche and an increase in business in our on-premise and billboard niches. International business unit orders increased primarily due to a spectacular niche project awarded in Europe, billboard niche and sports stadium project awards in Australia. High School Park and Recreation orders increased due to strong market demand for video sporting applications which have larger average sale prices compared to scoring or message centers in this business unit. Live Events orders were down compared to last year due to order timing differences of large projects.

Net sales increased by 7.8 percent in the second quarter of fiscal 2017 as compared to the second quarter of fiscal 2016. High School Park and Recreation, Live Events, Transportation and International business unit's sales all increased quarter over quarter primarily because of higher production rates of large projects due to natural large project volatility and an increase in customer demand as noted above. Commercial business unit sales were relatively flat.

Gross profit percentage for the quarter increased as compared to last year due to a combination of lower warranty charges, lower production costs, and sales mix.

Operating expenses increased by 5.8 percent in the second quarter of fiscal 2017 as compared to the second quarter of fiscal 2016. The increase in selling expense was primarily related to a bad debt charge which increased our percentage of selling expense to sales by 0.4 percent, and for the addition of a full quarter of expenses from ADFLOW, the company we acquired late in fiscal 2016. General and administrative expense increased in professional fees, information technology maintenance, and personnel expenses. Product development expenses increased primarily for personnel related expenses.

Operating income as a percent of sales for the quarter increased to 7.5 percent as compared to the second quarter of fiscal 2016 of 3.6 percent.

Reece Kurtenbach, chairman, president and chief executive officer stated, "We are pleased with our second quarter of fiscal 2017 financial performance. We achieved higher net sales and experienced improved profitability during the second quarter of fiscal 2017 compared to the second quarter of fiscal 2016. Our sales levels improved with the timing of large project delivery and we saw increases in demand in the Commercial and International businesses. Our High School Park and Recreation business unit is having a great year, with orders up more than 25 percent during the quarter. A year ago, we were working through a warranty issue that took time, attention, and financial resources away from improving our business. This year, we have been able to return our focus to product development activities.

### Outlook

Kurtenbach added, "The pipeline of order opportunities in the worldwide marketplace remains strong. While orders and backlog as compared to last year at this time are slightly down, we are optimistic about continued growth through the activity and interest in the worldwide marketplace for desired usage of digital technology. However, we recognize that there is uncertainty in the global macroeconomic picture; therefore, we are carefully managing our costs through continuous improvement and execution of our processes.

Our value statement sets us apart and we offer a broad range of solutions to meet our diverse customers' needs. We are strategically investing in product design and development for a number of customer solution areas and we have a goal to accelerate development of world-class solutions to capture a broader customer base in the growing digital global market."

#### **Webcast Information**

The company will host a conference call and webcast to discuss its financial results today at 10:00 a.m. (CST). This call will be broadcast live at <a href="http://investor.daktronics.com">http://investor.daktronics.com</a> and available for replay shortly after the event.

#### **About Daktronics**

Daktronics has strong leadership positions in, and is the world's largest supplier of, large-screen video displays, electronic scoreboards, LED text and graphics displays, and related control systems. The company excels in the control of display systems, including those that require integration of multiple complex displays showing real-time information, graphics, animation, and video. Daktronics designs, manufactures, markets and services display systems for customers around the world in four domestic business units: Live Events, Commercial, High School Park and Recreation, and Transportation, and one

International business unit. For more information, visit the company's website at: www.daktronics.com, email the company at investor@daktronics.com, call (605) 692-0200 or toll-free (800) 843-5843 in the United States, or write to the company at 201 Daktronics Dr., P.O. Box 5128, Brookings, S.D. 57006-5128.

#### **Safe Harbor Statement**

Cautionary Notice: In addition to statements of historical fact, this news release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 and is intended to enjoy the protection of that Act. These forward-looking statements reflect the Company's expectations or beliefs concerning future events. The Company cautions that these and similar statements involve risk and uncertainties which could cause actual results to differ materially from our expectations, including, but not limited to, changes in economic and market conditions, management of growth, timing and magnitude of future contracts, fluctuations in margins, the introduction of new products and technology, the impact of adverse weather conditions, and other risks noted in the company's SEC filings, including its Annual Report on Form 10-K for its 2016 fiscal year. Forward-looking statements are made in the context of information available as of the date stated. The Company undertakes no obligation to update or revise such statements to reflect new circumstances or unanticipated events as they occur.

	O	ctober 29, 2016	O	ctober 31, 2015		
Net cash provided by (used in) operating activities	\$	15,006	\$	(8,994)		
Purchases of property and equipment		(4,625)		(10,491)		
Proceeds from sales of property and equipment		72		105		
Free cash flow	\$	10,453	\$	(19,380)		

In evaluating its business, Daktronics considers and uses free cash flow as a key measure of its operating performance. The term free cash flow is not defined under U.S. generally accepted accounting principles ("GAAP") and is not a measure of operating income, cash flows from operating activities or other GAAP figures and should not be considered alternatives to those computations. Free cash flow is intended to provide information that may be useful for investors when assessing period to period results.
