Exhibit No. Description

99.1 News Release dated August 15, 2007 issued by Daktronics, Inc.

### **Daktronics, Inc. Announces First Quarter Results**

*Financial Highlights Include:* 

- Net sales increase 31%
- *Net income up 43%*
- Backlog exceeds \$140 million

Brookings, S.D. – Aug. 15, 2007 - Daktronics, Inc. (Nasdaq - DAKT) today reported fiscal 2008 first quarter net sales of \$120.9 million and net income of \$7.1 million, or \$0.17 per diluted share, compared with first quarter net sales of \$92.2 million and net income of \$5.0 million, or \$0.12 per diluted share, one year ago. Backlog at the end of the quarter was approximately \$142 million, compared with a backlog of approximately \$123 million at the end of the first quarter of fiscal 2007 and \$127 million last quarter.

"We were very pleased with this quarter's performance," said Jim Morgan, president and chief executive officer. "Most importantly, we were able to execute at better than expected gross profit margins. The gross margin improvement comes from the benefit of having the capacity expansion mostly behind us and raw material cost savings. This helped offset the lower estimated margins of some of the large sports projects we booked in the fourth quarter of fiscal year 2007. In addition to the margin improvements, the benefit of capacity additions over the past two years was evident this quarter as we were able to respond to customer demand; keeping lead times at desirable levels without stretching our personnel and infrastructure like we were last year at this time. On a final note, this quarter also benefited from our new plant in Redwood Falls, which was on line for the full quarter."

"At the beginning of the year, we reorganized into four business units to align our resources more closely to the customer and to drive improved financial performance. We also increased our focus on controlling growth in our non-manufacturing labor force, which had been outpacing sales over the past few quarters. During the quarter we were successful in both areas, as we completed the transition to the business unit structure and we kept personnel growth to acceptable levels. While our operating margins are not at our long-term target levels, the results for the first quarter demonstrate that we are headed in the right direction."

Morgan said, "We are looking forward to occupying our new building in Brookings in the second quarter, which will mark the end of major building projects that we started in fiscal year 2005. The new building will house corporate offices and include administration, our commercial business unit, training and meeting facilities and provide warehouse space which is convertible to manufacturing space. As a result, we expect to see capital expenditures decline in the second half of fiscal year 2008, thereby leading to reductions in our credit needs towards the end of the fiscal year."

#### **Business Outlook**

The company is providing financial guidance for the second quarter of fiscal 2008. Daktronics expects that net sales for the second quarter of fiscal 2008 will be in the range of \$132 million to \$144 million and net earnings will be in the range of \$0.17 to \$0.25 per share. As in the past, this guidance is subject to a number of factors that could cause it to vary.

Morgan concluded, "We believe that our first full quarter with our new business unit structure has positioned us well for customer needs and stronger financial performance through the remainder of the fiscal year. Although the growth rate of the second quarter's net sales compared to the prior year is expected to be less than the first quarter,

we believe that our net sales goals for the year remain intact. With the capacity available to us, the strength of our order bookings in the first quarter of fiscal 2008 and our focus on margin improvement and expense control, we believe we are off to a solid start and expect to leverage this performance through the remainder of fiscal 2008."

#### **Webcast Information**

The company will host a conference call and webcast to discuss its financial results today at 10:00 am (Central Time). This call will be broadcast live at <a href="http://investor.daktronics.com">http://investor.daktronics.com</a> and available for replay shortly after the event

#### **About Daktronics**

Daktronics has strong leadership positions in, and is one of the world's largest suppliers of, electronic scoreboards, computer-programmable displays, and large screen video displays and control systems. The company excels in the control of large display systems, including those that require integration of multiple complex displays showing real-time information, graphics, animation and video. Daktronics designs, manufactures, markets and services display systems for customers around the world, in sport, business and transportation applications. For more information, visit the company's World Wide Web site at: http://www.daktronics.com, e-mail the company at investor@daktronics.com, call (605) 697-4000 or toll-free (800) 843-5843 in the United States or write to the company at 331 32nd Ave. PO Box 5128 Brookings, S.D. 57006-5128.

#### **Safe Harbor Statement**

Cautionary Notice: In addition to statements of historical fact, this news release contains forward-looking statements reflecting the Company's expectations or beliefs concerning future events, which could materially affect company performance in the future. The Company cautions that these and similar statements involve risk and uncertainties including changes in economic and market conditions, management of growth, timing and magnitude of future contracts, and other risks noted in the company's SEC filings which may cause actual results to differ materially. Forward-looking statements are made in the context of information available as of the date stated. The Company undertakes no obligation to update or revise such statements to reflect new circumstances or unanticipated events as they occur.
