PROXY STATEMENT
FOR 2006 ANNUAL MEETING OF SHAREHOLDERS

PROCEDURAL MATTERS

General

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Daktronics, Inc. (the "Company") for use at our Annual Meeting of Shareholders to be held on Wednesday, August 16, 2006 at Daktronics, Inc., 331 32nd Avenue, Brookings, South Dakota at 7:00 p.m. Central Daylight Time, and at any adjournment thereof (the "Annual Meeting"), for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders.

These proxy solicitation materials, together with our fiscal year 2006 Annual Report to Shareholders, were mailed on or about July 6, 2006 to all shareholders entitled to vote at the Annual Meeting.

In this Proxy Statement, “Daktronics”, “Company”, “registrant”, “we”, “us” and “our” refer to Daktronics, Inc.

Record Date

Shareholders of record at the close of business on June 23, 2006 (the “Record Date”) are entitled to notice of and to vote at the meeting. As of the Record Date, there were 39,002,650 shares of our common stock outstanding and entitled to vote held by 495 shareholders of record.

Voting at the Annual meeting

The holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the 2006 Annual Meeting, present in person or represented by proxy, will constitute a quorum for the transaction of business. If a quorum is not present, the Annual Meeting may be adjourned from time to time until a quorum is present. Abstentions and broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Each share is entitled to one vote on all matters submitted to a vote. However, with respect to the election of Directors, every shareholder shall have the right to cast a number of votes equal to the number of Directors to be elected at the Annual Meeting multiplied by the number of shares the shareholder is entitled to vote. Shareholders may cast all votes for one nominee or divide the votes as they choose among two or three nominees. Shares abstaining will be treated as not voted. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter.

Vote Requirements

A plurality of the votes cast is required for the election of directors. This means that the director nominee with the most votes for a particular slot is elected for that slot. Only votes “for” or “withheld” affect the outcome. Abstentions are not counted for purposes of the election of directors.

The affirmative vote of a majority of the shares of common stock represented at the Annual Meeting, either in person or by proxy, assuming a quorum is present, is required to approve the proposed amendment to our Amended and Restated Bylaws and to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm. Abstentions and, if applicable, broker non-votes, are not counted as votes “for” or “against” these proposals.

How Votes are Submitted

If the shares of our common stock are held directly in the name of the shareholder, he or she can vote on matters to come before the meeting as follows:

- By completing, dating and signing the enclosed proxy and returning it to us in the enclosed postage-paid envelope; or
- By written ballot at the meeting; or
- By phone, by calling 1-800-690-6903; or
- By Internet, at <http://www.proxyvote.com>.

Shareholders whose shares of our common stock are held in “street name” must either direct the record holder of their shares as to how to vote their shares of common stock or obtain a proxy from the record holder to vote at the meeting. “Street name” shareholders should check the voting instruction cards used by their brokers or nominees for specific instructions on methods of voting, including by telephone or using the Internet.

Participants in our 401(k) Plan (the “Plan”) who hold our common stock in the Plan are entitled to instruct the trustee of the Plan how to vote their shares. Each participant will receive a voting instruction card to direct the trustee to vote his or her shares. If a participant does not timely return a completed voting instruction card, the trustee will vote the shares allocated to that participant in the same proportion as the shares which are voted by all other participants under the Plan.

Proxies

All shares entitled to vote and represented by properly executed proxies received before the Annual Meeting will be voted at the Annual Meeting in accordance with the instructions indicated on those proxies, if they are not revoked before the vote as described below. If no instructions are indicated on a properly executed proxy, the shares represented by that proxy will be voted as recommended by the Board of Directors. If any other matters are properly presented for consideration at the Annual Meeting, the proxy holders will have discretion to vote on those matters in accordance with their best judgment.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. A proxy may be revoked by either:

- delivering a written notice of revocation or a duly executed proxy bearing a later date, or
- attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not itself revoke a proxy).

To be effective, any written notice of revocation or subsequent proxy must be received before the taking of the vote at the Annual Meeting.

Expenses of Solicitation

All expenses of this solicitation, including the cost of preparing and mailing this Proxy Statement, will be borne by us. We may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of stock for their reasonable expenses in forwarding solicitation material to such beneficial owners. Our Directors, officers and employees may also solicit proxies in person or by telephone, e-mail, letter or facsimile. Such Directors, officers and employees will not be additionally compensated, but they may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

Procedure for Submitting Shareholder Proposals

Shareholders may present proper proposals for inclusion in our proxy materials for consideration at the next annual meeting of our shareholders by submitting their proposals to us in a timely manner. In order to be included in our proxy materials for the next annual meeting, shareholder proposals must be received by us no later than March 8, 2007 and must otherwise comply with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

For any proposal that is not submitted for inclusion in next year’s Proxy Statement but is instead sought to be presented directly at the 2007 Annual Meeting of Shareholders, management may vote proxies in its discretion if we: (a) receive notice of the proposal before the close of business on May 23,

2007 and advise shareholders in the 2007 Proxy Statement about the nature of the matter and how management intends to vote on such matter; or (b) do not receive notice of the proposal before the close of business on May 23, 2007. Notices of intention to present proposals at the 2007 Annual Meeting of Shareholders should be addressed to Corporate Secretary, Daktronics, Inc., 331 32nd Avenue, Brookings, South Dakota 57006.

CORPORATE GOVERNANCE

Meetings of the Board of Directors and Committees

Members of the Board of Directors are kept informed regarding our business through discussions with the Chairman, the Chief Executive Officer, the Chief Financial Officer, and key members of management, by reviewing materials provided to them and by participating in meetings of the Board of Directors and its committees.

During fiscal 2006, the Board of Directors held four meetings (including regularly scheduled and special meetings), the Audit Committee met five times, the Compensation Committee met three times and the Nominating and Corporate Governance Committee met four times. All of the incumbent directors attended at least 75% of the meetings of the Board of Directors and committees, if any, upon which such directors served. The Board of Directors acted by unanimous written consent one time during the year.

Annual Meeting Attendance Policy

As set forth in our Corporate Governance Guidelines, members of the Board of Directors are expected to devote sufficient time and attention to prepare for, attend and participate in Board meetings, shareholder meetings and meetings of Committees of the Board on which they serve.

Code of Conduct

The Board of Directors has adopted our Code of Conduct, which applies to all of our employees, officers and Directors as provided in our Annual Report to Shareholders. Included in the Code of Conduct are ethics provisions that apply to our Chief Executive Officer, Chief Financial Officer, and all other financial and accounting management employees. Copies of the Code of Conduct are available on our website at <http://www.daktronics.com>.

Committees of the Board of Directors

The Board of Directors currently has three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

Audit Committee. During fiscal year 2006, our Audit Committee consisted of Mr. Mulligan (Chairperson), Ms. Frame, and Mr. Vellenga. Each Audit Committee member satisfies the audit committee independence standards of The NASDAQ Stock Market. The Board of Directors has determined that Mr. Mulligan is qualified as an "audit committee financial expert," as that term is defined in the applicable regulations of the Securities and Exchange Commission (the "SEC"). The Audit Committee appoints and provides for the compensation of the independent registered public accounting firm, reviews the scope and findings of the completed audit, and reviews the adequacy and effectiveness of our accounting policies and system of internal accounting controls. A copy of the Audit Committee's Charter is included in the Proxy as Appendix A.

Compensation Committee. During fiscal year 2006, our Compensation Committee consisted of Mr. Roland J. Jensen (Chairperson and member until November 2005), Mr. Dutcher (Chairperson since November 2005), Mr. Anderson (since November 2005) and Mr. Vellenga. All of the Compensation Committee members satisfy the independence requirements of The NASDAQ Stock Market. The Compensation Committee annually reviews and acts upon the Chief Executive Officer's compensation package, reviews compensation policy for the other employees, and acts upon management recommendations concerning employee stock options, bonuses and other compensation and benefit plans.

Nominating and Corporate Governance Committee. During fiscal year 2006, our Nominating and Corporate Governance Committee (the "Nominating Committee") consisted of Ms. Frame (Chairperson), Mr. Vellenga (through November 2005), Mr. Anderson (since November 2005) and Dr. Sander. All of the Nominating Committee members satisfy the independence requirements of The NASDAQ Stock Market. Our Nominating Committee advises and makes recommendations to the Board of Directors on all matters concerning the selection of candidates as nominees for election as Directors, develops and recommends to the Board of Directors corporate governance guidelines, and provides oversight with respect to corporate governance and ethical conduct. The responsibilities of the Nominating Committee are set forth in the Nominating and Corporate Governance Committee Charter. A copy of the Nominating Committee's Charter and our Corporate Governance Guidelines can be found on our website at <http://www.daktronics.com>.

The information below describes the criteria and process that the Nominating Committee uses to evaluate future candidates to the Board of Directors:

Criteria for Nomination to the Board of Directors

The Nominating Committee will consider the appropriate balance of experience, skills and characteristics required of members of the Board of Directors. Nominees will be selected on the basis of their depth and breadth of experience, wisdom, integrity, ability to make independent analytic inquiries, understanding of our business environment, and willingness to devote adequate time to Board duties. The Nominating Committee will seek to insure that at least a majority of the Directors are independent under the rules of The NASDAQ Stock Market, that members of the Audit Committee meet the financial literacy requirements under the rules of The NASDAQ Stock Market, and that at least one member of the Audit Committee qualifies as an "audit committee financial expert" under the rules of the SEC.

Shareholder Proposals for Nominees

The Nominating Committee will consider written proposals from shareholders for nominees for Director. Any such nominations should be submitted to the Nominating Committee in the care of our Corporate Secretary and should include (at a minimum) the following information: (a) all information relating to such nominee that is required to be disclosed in Schedule 14A under the Securities Exchange Act of 1934 (including appropriate biographical information); (b) other board memberships; (c) such person's written consent to being named in the Proxy Statement as a nominee and to serving as a Director, if elected; (d) the name(s) and address(es) of the shareholder(s) making the nomination and the number of shares of our common stock which are owned beneficially and of record by such shareholder(s); and (e) a statement as to the qualifications of the nominee. Shareholder proposals should be submitted by the March 8, 2007 deadline described under the caption, "Procedural Matters – Procedure for Submitting Shareholder Proposals" above.

The Nominating Committee will not change the manner in which it evaluates candidates for Board nominees, including the applicable criteria set forth above, based on whether the candidate was recommended by a shareholder. To date, we have not received any shareholder proposals to nominate a Director.

Process for Identifying and Evaluating Nominees

The process for identifying and evaluating nominees to the Board of Directors will be initiated by identifying candidate(s) who meet the criteria for selection as a nominee and have the specific qualities or skills being sought based on input from members of the Board and others to the extent determined

by the Nominating Committee. These candidate(s) will be evaluated by the Nominating Committee by reviewing the candidates' biographical information and qualifications and, if necessary, by checking references. Qualified nominees shall meet with at least one member of the Nominating Committee and with at least one other member of the Board. The Nominating Committee will decide which of the prospective candidates to recommend to the Board for selection as nominees to be presented for the approval of the shareholders or for appointment to fill a vacancy.

Board Nominees for the 2006 Annual Meeting

The nominees for this Annual Meeting, Byron J. Anderson, Frank J. Kurtenbach and James A. Vellenga, were selected by the Board of Directors as a whole in May 2006.

Board of Directors' Evaluation

On an ongoing basis, the Nominating Committee facilitates a process to determine whether the Board of Directors and its Committees are functioning effectively. The results of this process are reported to the Board for discussion.

How to Contact the Board of Directors

Shareholders wishing to contact our Directors may do so by writing to them at the following address: Corporate Secretary, Daktronics, Inc., 331 32nd Avenue, Brookings, South Dakota 57006. All letters received will be forwarded to the Directors.

Director Compensation

Throughout our fiscal year 2006, each non-employee Director received, for his or her services as a Director, a retainer of \$4,000 and \$2,500 for each meeting attended in person. During this same period, the Chairperson of the Audit Committee received a \$4,000 retainer, while the other members of the Audit Committee received a retainer of \$2,000. The Chairpersons of the Compensation Committee and the Nominating Committee received a retainer of \$2,000, while the other members of these Committees each received a retainer of \$1,000. All non-employee Directors also received reimbursement of all out-of-pocket expenses incurred in attending meetings.

Non-employee Directors also receive stock options under the Company's 2001 Outside Directors Stock Option Plan upon their election to the Board of Directors. The exercise price of options granted under the 2001 Outside Directors Stock Option Plan is equal to the per share fair market value of our common stock on the date of grant as determined by the Board of Directors. In August 2005, Mr. Dutcher and Ms. Frame each received under the 2001 Outside Directors Stock Option Plan options to purchase 8,000 shares for each of the three years of their term, for a total of 24,000 shares. The options are subject to vesting restrictions and have an exercise price of \$10.633 per share. Also in November 2005, Mr. Anderson received under the same plan options to purchase 8,000 shares, which have an exercise price of \$13.595 and are subject to certain vesting restrictions. All share and price per share amounts herein have been adjusted to reflect the two-for-one stock split declared by the Board of Directors on May 25, 2006.

PROPOSAL TWO

APPROVE AN AMENDMENT TO OUR AMENDED AND RESTATED ARTICLES OF INCORPORATION TO INCREASE THE AUTHORIZED NUMBER OF SHARES FROM 60,000,000 TO 120,000,000

Background of Proposal

Under South Dakota law, we may issue shares of our common stock only to the extent such shares have been authorized for issuance under our Amended and Restated Articles of Incorporation (the "Articles"). The Articles currently authorize the issuance of up to 55,000,000 shares of common stock, no par value, as well as up to 5,000,000 shares of undesignated shares, for a total of 60,000,000 shares. As of the Record Date, 39,002,650 shares of common stock were issued and outstanding. We had 20,997,350 shares available for future issuance. In addition, as of the Record Date, options to acquire approximately 3,292,000 shares of common stock were outstanding and approximately 1,180,000 shares were available for future grant under our 2001 stock option plans. Accordingly, we believe that we lack sufficient shares for various corporate purposes such as stock dividends, stock splits, to raise additional capital through the sale of equity securities, to acquire other companies or their assets, to establish strategic relationships with corporate partners, and to provide equity incentives to employees and officers. Therefore, the Board of Directors believes it is in the best interests of the Company and our shareholders that shares of stock be available for such purposes and, accordingly, the Board of Directors approved, subject to shareholder approval, an amendment to our Articles to increase the number of shares authorized for issuance from 60,000,000 to 120,000,000, each without par value, consisting of 115,000,000 shares of common stock and 5,000,000 undesignated shares.

Purpose of the Amendment to the Articles

The purpose of this proposed amendment to our Articles is to authorize additional shares of common stock that will be available for issuance under the stock option plans and for other corporate purposes. The Board of Directors has no current intention to grant additional options beyond those currently authorized or to enter into any of the transactions described above but may grant such additional options or issue such additional shares as the Board of Directors determines to be appropriate if this amendment is approved by the shareholders.

Other Effects of Amendment to the Articles

The increase in authorized common stock (and the total number of capital shares that may be issued) will not have any other immediate effect on the rights of existing shareholders. However, the Board of Directors will have the authority to issue authorized common stock without requiring future shareholder approval of such issuances, except as may be required by applicable law. To the extent that additional authorized shares are issued in the future, they would decrease the existing shareholders' percentage equity ownership and, depending on the price at which they are issued, may be dilutive to the existing shareholders. The holders of our common stock have no preemptive rights, and the Board of Directors has no plans to grant such rights with respect to any such shares.

The increase in the authorized number of shares of common stock and the subsequent issuance of such shares could also have the effect of delaying or preventing a change in control without further action by the shareholders. Shares of authorized and unissued common stock could, within the limits imposed by applicable law, be issued in one or more transactions which would make a change in control of the Company more difficult and, therefore, less likely. Any such issuance of additional stock may dilute the earnings per share and book value per share of outstanding shares of common stock, and such additional shares may be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company.

The Board of Directors is not currently aware of any attempt to take over or acquire us. Although it may be deemed to have potential anti-takeover effects, the proposed amendment to increase the number of authorized shares of common stock is not prompted by any specific effort or takeover threat currently perceived by us.

Form of Amendment

If this amendment is approved by the shareholders, Article Four, Subsection 4.1 of our Amended and Restated Articles of Incorporation will be amended

to read in its entirety as follows:

The aggregate number of shares of stock which the corporation shall have the authority to issue shall be one hundred twenty million (120,000,000) shares, each without par value, and which shall consist of one hundred fifteen million (115,000,000) shares of common stock and five million (5,000,000) shares of undesignated stock. The Board of Directors of the corporation is authorized to establish from the shares of undesignated stock, by resolution adopted and by articles of amendment filed in the manner provided by law, one or more classes or series of shares, to designate each such class or series (which may include, but is not limited to, designation as additional shares of common stock), and to fix the relative rights and preferences of each such class or series.

Vote Required

Approval of this proposal requires the affirmative vote of a majority of the votes entitled to vote at the Annual Meeting assuming a quorum is present.

The Board of Directors recommends a vote “FOR” the approval of the Amendment to our Amended and Restated Articles of Incorporation.

**PROPOSAL THREE
RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP as our independent registered public accounting firm to audit our consolidated financial statements for fiscal year 2007 and recommends that the shareholders vote for ratification of such appointment.

Ernst & Young LLP has audited our financial statements since fiscal year 2003. A representative of Ernst & Young LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement, and is expected to be available to respond to appropriate questions.

Vote Required

Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm will require the affirmative vote of a majority of the votes entitled to vote at the Annual Meeting assuming a quorum is present. If the shareholders do not approve the selection of Ernst & Young LLP, the Audit Committee will reconsider its selection.

The Board of Directors recommends a vote “FOR” the ratification of the appointment of Ernst & Young LLP as independent registered public accounting firm for the fiscal year ending April 28, 2007.

- (1) The potential realizable value is based on a 10-year term of each option at the time of grant. Assumed stock price appreciation of 5% and 10% is mandated by rules of the SEC and is not intended to forecast actual future financial performance or possible future appreciation. The potential realizable value is calculated by assuming that the deemed fair value of our common stock for financial statement presentation purposes on the date of grant appreciates at the indicated rate for the entire term of the option and that the option is exercised at the exercise price and sold on the last day of its term at the appreciated price.
(2) Represents options granted under the 2001 Incentive Stock Option Plan at an exercise price equal to the fair market value on the date of grant. Each option has the following terms: maximum term of 10 years, subject to earlier termination in the event of the optionee's cessation of service with the Company; vesting over a five-year period (20% of grant vests one year from date of grant and the 80% vesting pro rata annually over the following four years).

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee (the "Committee") of the Board of Directors is responsible for establishing compensation policy and administering the compensation program of our Chief Executive Officer and other executive officers. The Committee is comprised of three non-employee Directors, as appointed by the Board, and each satisfies the independence requirements of The NASDAQ Stock Market. The Committee meets periodically to review executive compensation, the design of compensation programs, stock option programs, succession planning and the individual salary and awards for the Chief Executive Officer and other executive officers. The purpose of this report is to inform our shareholders of our compensation policies and the rationale for the compensation paid to our Chief Executive Officer and other executive officers in fiscal year 2006.

Compensation Philosophy

Our compensation program is designed to motivate and reward executives responsible for attaining the financial and strategic objectives essential to our long-term success and continued growth. The compensation program has been designed to provide a competitive level of total compensation and offers incentive opportunities directly linked to our performance. The Committee believes it is in the best interests of the shareholders to reward executives when our performance objectives are achieved and to provide less compensation when these objectives are not met. Therefore, a portion of executive compensation

is comprised of “at risk” incentives.

Cash Compensation

Our compensation philosophy is to target executive salaries at a competitive rate as compared to comparable positions within the region for similar sized companies. Our performance as a whole for the fiscal year is also considered. Compensation plans are reviewed annually.

The Committee reviewed base salaries for executive officers at various times throughout the year. Based on the Committee’s recommendation, the Board established the salary for Aelred J. Kurtenbach, who is employed one-half time, at \$12,500 per month; James B. Morgan, Chief Executive Officer, at \$22,000 per month; and William R. Retterath, Chief Financial Officer, at \$13,100 per month. The Committee also reviewed and established the base salaries for other executive officers.

For the fiscal year ended April 29, 2006, the Committee approved a formula-based performance cash bonus plan for certain executive officers, consisting of one month’s salary if after tax-earnings exceed 13% of shareholders’ equity at the beginning of the fiscal year, and increasing linearly with performance to a maximum bonus if after-tax earnings exceed 19% of beginning shareholders’ equity. The maximum amount of the cash bonus for Dr. Kurtenbach was equal to three months’ salary, for Mr. Morgan was equal to four months’ salary, and for Mr. Retterath was equal to 3.5 months’ salary. Other executive officers are eligible for the same bonus noted above at a maximum rate of 1.5 months’ salary (three months’ salary in the case of Mr. F. Kurtenbach) plus a discretionary bonus as determined by our Chief Executive Officer, which, in total, shall not exceed three months’ salary. For the year ended April 29, 2006, the executive officers earned 100% of the maximum amount payable under the cash bonus plan. These cash bonuses are set forth under the column entitled “Annual Compensation – Bonus” in the Summary Compensation Table included in this Proxy Statement.

Equity Based Compensation

In August 2001, the shareholders approved the Daktronics 2001 Incentive Stock Option Plan (the “Option Plan”). The Compensation Committee determines awards under the Option Plan for executive officers and approves awards for other employees based in part upon the recommendation of our Chief Executive Officer.

In November 2005, the Committee approved the allotment of 359,700 shares for the granting of stock options to our employees, with the shares to be allotted as follows: 14,000 shares to Mr. Morgan; 14,000 shares to Mr. Retterath; 10,000 shares each to Mr. R. Kurtenbach and Mr. Wiemann; and 309,800 shares to selected employees as determined by James Morgan. No options were awarded to Aelred Kurtenbach or Frank Kurtenbach.

The Committee’s basis for these awards was our financial performance, as measured in increased net sales and results of operations over the last three fiscal years, the Committee’s review of awards by comparable companies and by us in previous years, and individuals’ performances. The terms of these options, including duration and vesting, were similar to that of comparable companies.

The exercise price per share of these options was established as the average between the high and low reported sale prices for our common stock on the grant date of November 17, 2005, which was \$13.61. Subject to accelerated vesting upon a change in control of the Company as defined in the Option Plan, the outstanding options generally vest 20% each year commencing November 17, 2006.

Compensation of Chairman and the Chief Executive Officer

Aelred Kurtenbach has been employed one-half time and served as Chairman of the Board since stepping down as Chief Executive Officer in November 2001. James Morgan has served as our President and Chief Executive Officer since November 2001. Their respective compensation for the past three years is shown in the Summary Compensation Table. The factors discussed below in “Base Salary,” “Annual Incentive Bonus,” “Stock Options” and “Deferred Compensation Arrangements” were considered in establishing the amount of Dr. Kurtenbach’s and Mr. Morgan’s base salary, cash bonus and stock option grant during the past fiscal year.

Executive Officer Compensation Program

The key components of our executive officer compensation program are base salary, annual incentive bonus and long-term incentives, including stock options and in some cases deferred compensation arrangements. These elements are described below. In determining compensation, the Committee considers all elements of an executive’s compensation package.

Base Salary. The Committee annually reviews the base salary of the Chief Executive Officer and other executive officers. In determining appropriate salary levels, the Committee considers individual performance, level of responsibility, scope and complexity of the position, and internal equity and salary levels for comparable positions within the region for similar sized companies. In determining any base salary increase for the Chief Executive Officer, the Compensation Committee also considers strategic planning, team building and operating results. The Compensation Committee, in consultation with the Chief Executive Officer, annually reviews the base salary of the other executive officers based on the same criteria.

Annual Incentive Bonus. The purpose of our annual incentive bonus is to provide a direct financial incentive in the form of an annual cash bonus to the executive officers and key managers who achieve performance goals established by the Committee. The Committee recommends to the Board, and the independent directors of the Board determines, the annual incentive bonus of the Chairman of the Board, Chief Executive Officer and Chief Financial Officer. The Committee, in consultation with the Chief Executive Officer, determines the annual incentive bonus of the other executive officers. The annual incentive bonus is described above under the heading “Cash Compensation.”

Stock Options. Long-term performance incentives are provided to our employees and non-employee Directors through our Option Plan and our 2001 Outside Directors Stock Option Plan. These plans are administered by the Committee, which is authorized to award stock options to our employees, our non-employee Directors, and certain advisors and consultants. At least annually, the Committee considers whether awards will be made to executive officers. Such awards are based on the scope and complexity of the position, competitive compensation data, the maintenance of our stock at target share prices, our performance over the past three fiscal years and total options granted to an employee in the past. The Committee has broad discretion to select the optionees and to establish the terms and conditions for the grant, vesting and exercise of each option. Options granted to executive officers vest immediately upon the occurrence of a change in control, as defined in the Option Plan.

Deferred Compensation Arrangements. The purpose of our deferred compensation arrangement is to reward certain executive officers who were employed by us as of August 1990 with a deferred compensation plan. The plan is designed to fund annual payments upon retirement based on the value of amounts credited to such person’s account. The Committee administers these plans and approves on an annual basis the amounts credited to each participant’s account. The amount credited is equal to the interest earned on the account at a rate equal to the five-year United States Treasury Note rate as of the first day of the plan year.

401(k) Plan. Our Daktronics, Inc. 401(k) Plan (the “Plan”) was effective in 1992. The Plan is intended to be a qualified retirement plan under Section 401 of the Internal Revenue Code of 1986 so that contributions by employees or by us to the Plan, and income earned thereon, are not taxable to employees

until they are withdrawn from the Plan (except for contributions under the 401(k) component, which are subject to Social Security withholding), and so that contributions by us, if any, will be deductible when made. The purpose of the Plan is to enable eligible employees of the Company, including executive officers, to save for retirement and to provide incentives to increase corporate financial performance by establishing a direct link between profit-sharing contributions to employees and corporate financial performance. It may also provide certain benefits in the event of death, disability or other termination of employment. The Plan is for the exclusive benefit of eligible employees and their beneficiaries.

There are two components to the Plan – a 401(k)-type component and a profit-sharing component. Under the 401(k) component, employees may contribute up to maximum amount as set by the Internal Revenue Service, subject to a federally imposed annual maximum, which is currently \$13,000. We may provide additional matching contributions as a percent of compensation or as a match of employee contributions and other discretionary contributions. The Plan trustee, at the direction of each participant, invests funds in any of the available investment options. For the fiscal year ended April 29, 2006, we contributed approximately \$1.3 million on behalf of employees under this component of the Plan, including amounts accrued at the end of the fiscal year. Amounts contributed by us under the Plan on behalf of the Named Executive Officers are set forth in the Summary Compensation Table under the heading “Annual Compensation – Other Annual Compensation.”

Employee Stock Purchase Plan. Our Employee Stock Purchase Plan (the “Purchase Plan”) was approved by the shareholders at the 2002 Annual Meeting and became effective on November 1, 2002. The purpose of the Purchase Plan is to provide eligible employees with an opportunity to acquire an interest in our Company through the purchase of our common stock and thus to develop a stronger incentive to work for our continued success. The Purchase Plan is an employee stock purchase plan under Section 423 of the Internal Revenue Code. The Purchase Plan is administered by the Committee.

Any of our employees or, subject to approval by the Board of Directors, any employees of our subsidiaries, are eligible to participate in the Purchase Plan for any Purchase Period (as defined below) so long as on the first day of such Purchase Period, the employee is customarily employed at least 20 hours per week and has been continuously employed for the six months prior to the beginning of the Purchase Period. “Purchase Period” means each of the six-month periods beginning May 1 and November 1 of each year.

Any eligible employee may elect to become a participant in the Purchase Plan by authorizing payroll deductions of a specified percentage ranging from 0% to 15% of the employee’s gross cash compensation. We currently have approximately 1,680 employees who are eligible to participate in the Purchase Plan. Amounts withheld under the Purchase Plan will be held by us as part of our general assets until the end of the Purchase Period and will be used to purchase our common stock as of the last day of the Purchase Period at a price equal to 85% of the lesser of the fair market value of a share of common stock on either the first or last day of the Purchase Period. All amounts so withheld will be used to purchase the number of shares of common stock (including fractional shares) that can be purchased with such amount. If purchases by all participants would exceed the number of shares of common stock available for purchase under the Purchase Plan, each participant will be allocated a ratable portion of such available shares of common stock. Any amount not used to purchase shares of common stock will be refunded to the participant in cash.

Shares of common stock acquired by each participant will be held in a general account maintained for the benefit of all participants. Certificates for the shares of common stock purchased by a participant will be issued and delivered to him or her only upon the request of such participant or his or her representative.

No more than \$25,000 in fair market value (determined on the first day of the respective Purchase Periods) of shares of common stock may be purchased under the Purchase Plan by any participant in each calendar year.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2006, none of our executive officers served on the board of directors or compensation committee of another company that had an executive officer serve on our Board of Directors or our Compensation Committee. Dr. Sander was a part-time employee during the Company’s early years. Through fiscal year 2001, he served as Corporate Secretary of the Company but was not an employee or executive officer of the Company.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires that our Directors, executive officers, and persons who own more than 10% of a registered class of our equity securities ("10% Shareholders") file with the SEC and the National Association of Securities Dealers, Inc. reports of ownership on Form 3 and reports of change in ownership on Form 4 or Form 5. Such Directors, executive officers and 10% shareholders are also required by rules of the SEC to furnish us with copies of all Section 16(a) forms that they file. To our knowledge, based solely on a review of copies of such forms submitted to us or written representations from certain reporting persons, we believe all required reports were filed on a timely basis during 2005.

HOUSEHOLDING OF ANNUAL DISCLOSURE DOCUMENTS

We have adopted a procedure called "householding," which has been approved by the SEC. Under this procedure, we are delivering only one copy of our Annual Report and this Proxy Statement to multiple shareholders of the Company who share the same address unless we have received contrary instructions from the affected shareholder. Each shareholder, however, will continue to receive individual proxy cards or voting instruction cards. In addition, some banks, brokers and other intermediaries may be participating in this practice of "householding" our Proxy Statement and Annual Report. This practice benefits both the Company and its shareholders because it reduces the volume of duplicate information received at a shareholder's house and helps reduce the company's expenses.

Shareholders that have previously received a single set of disclosure documents may request their own copy this fiscal year or in future years by contacting their bank, broker or other nominee record holder. We will also deliver a separate copy of the Annual Report and the Proxy Statement to any shareholder upon written request sent to Daktronics, Inc., 331 32nd Avenue, Brookings, South Dakota 57006, Attention: Investor Relations, or upon verbal request by calling (605) 697-4000.

AVAILABLE INFORMATION

The Annual Report to Shareholders for the year ended April 29, 2006, including financial statements, is being mailed with this Proxy Statement. The Annual Report to Shareholders is not incorporated in this Proxy Statement and is not deemed to be a part of this Proxy Statement.

Any person whose proxy is solicited by this Proxy Statement will be provided, upon request and without charge, with a copy of our Annual Report on Form 10-K for the fiscal year ended April 29, 2006. Please submit such requests to Daktronics, Inc., 331 32nd Avenue, Brookings, South Dakota 57006, Attention: Investor Relations, or by calling (605) 697-4000.

ADDITIONAL MATTERS

As of the date of this Proxy Statement, management knows of no matters that will be presented for consideration at the Annual Meeting other than those referred to herein. If any other matters properly come before the Annual Meeting calling for a vote of shareholders, it is intended that the shares of common stock represented by the proxies solicited by the Board of Directors will be voted by the persons named therein in accordance with their best judgment.
