The enclosed proxy is solicited by and on behalf of the Board of Directors of Daktronics, Inc., a South Dakota corporation, for use at our Annual Meeting of Shareholders to be held on Wednesday, September 4, 2019 at Daktronics, Inc., 201 Daktronics Drive, Brookings, South Dakota at 7:00 p.m. Central Daylight Time, and at any adjournment or postponement thereof (the "Annual Meeting"), for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders. This Proxy Statement and the accompanying form of proxy, together with our Fiscal 2019 Annual Report to Shareholders, are being made available to shareholders on the Internet or are being mailed on or about July 16, 2019 to shareholders entitled to vote at the Annual Meeting.

In this Proxy Statement, "Daktronics", "Company", "registrant", "we", "us" and "our" refer to Daktronics, Inc.

Shareholders Entitled to Vote; Record Date
Only shareholders of record at the close of business on July 8, 2019 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. As of the Record Date, there were 45,137,864 shares of our common stock outstanding and entitled to vote held by 1,017 shareholders of record.

Notice of Internet Availability of Proxy Materials
We are making proxy materials for the Annual Meeting available over the Internet. Therefore, we are mailing to the majority of our shareholders a notice about the Internet availability of the proxy materials instead of a paper copy of the proxy materials. The notice is entitled "Notice of Internet Availability of Proxy Materials." All shareholders receiving the notice will have the ability to access the proxy materials over the Internet and to request to receive a paper copy of the proxy materials by mail. Instructions on how to access the proxy materials over the Internet or to request a paper copy may be found on the notice. Our proxy materials may also be accessed on our website at www.daktronics.com by selecting "Menu", then "Investor" and then "Annual Reports and Proxy" under the heading "Financial Information." We are providing some of our shareholders, including shareholders who have previously requested to receive paper copies of the proxy materials, with paper copies of the proxy materials instead of the Notice of Internet Availability of Proxy Materials.

Voting at the Annual Meeting; Vote Requirements
The holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the Annual Meeting, present in person or represented by proxy, will constitute a quorum for the transaction of business. If a quorum is not present, the Annual Meeting may be adjourned from time to time until a quorum is present. Abstentions and broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Each share is entitled to one vote on all matters submitted to a vote. However, with respect to only the election of Directors, every shareholder will have the right to cast a number of votes equal to the number of Directors to be elected at the Annual Meeting multiplied by the number of shares the shareholder is entitled to vote. Shareholders may cast all votes for one nominee or divide the votes as they choose among two or more nominees. Shares abstaining will be treated as not voted.

A plurality of the votes cast is required for the election of Directors. This means that the Director nominee with the most votes for a particular slot is elected for that slot. Only votes "for" or "withheld" affect the outcome. Abstentions are not counted for purposes of the election of Directors. The affirmative vote of a majority of the shares of common stock represented at the Annual Meeting, either in person or by proxy, assuming a quorum is present, is required to approve the other proposals. If an executed proxy is returned and the shareholder has abstained from voting on any matter, the shares represented by such proxy will be considered present at the Annual Meeting for purposes of determining a quorum and for purposes of calculating the vote, but they will not be considered to have been voted in favor of such matter. If a signed proxy is returned by a broker holding shares in "street name," and it indicates that the broker does not have discretionary authority to vote certain shares on one or more matters, such shares will be considered present at the Annual Meeting for purposes of determining a quorum but will not be considered to be represented at the Annual Meeting for purposes of calculating the vote with respect to such matter.

Counting Votes
The inspector of election appointed for the Annual Meeting will count the votes cast by proxy or in person at the Annual Meeting.

Brokers who hold shares in street name for customers will not be able to vote the shares without instructions from their customers with respect to any of the proposals, other than the proposal to ratify the selection of our auditors (Proposal Three of this Proxy Statement). Shares for which brokers have not received instructions, and which therefore are not voted, with respect to a particular proposal are
referred to as "broker non-votes" with respect to that proposal. Abstentions from voting on a proposal described in this Proxy Statement and broker non-votes will not affect the outcome of the vote on that proposal.

**How Votes are Submitted**

If the shares of our common stock are held directly in the name of the shareholder, he or she can vote on matters to come before the Annual Meeting:

- by completing, dating and signing the proxy card and returning it to us in the postage-paid envelope provided for that purpose, if the shareholder has received a paper copy of a proxy card;
- by written ballot at the Annual Meeting;
- by telephone, by calling 1-800-690-6903; or

Shareholders whose shares of our common stock are held in "street name" must either direct the record holder of their shares as to how to vote their shares of common stock or obtain a proxy from the record holder to vote at the Annual Meeting. "Street name" shareholders should check the voting instruction cards used by their brokers or nominees for specific instructions on methods of voting, including by telephone or using the Internet.

Participants in the Daktronics, Inc. 401(k) Plan (the "401(k) Plan") who hold our common stock in the 401(k) Plan are entitled to instruct the trustee of the 401(k) Plan as to how to vote their shares. Each participant will receive a Notice of Internet Availability of Proxy Materials, similar to the notice received by the registered holders described above. Each participant will have the ability to access the proxy materials over the Internet and to request to receive a paper copy of the proxy materials by mail. Instructions on how to access the proxy materials over the Internet or to request a paper copy may be found on the notice as described above. The participants can vote on matters as described above. The votes will then be tabulated and submitted for vote by the trustee for the 401(k) Plan. If a participant does not timely vote, the trustee will vote the shares allocated to that participant in the same proportion as the shares that are voted by all other participants under the 401(k) Plan.

**Proxies**

All shares entitled to vote and represented by properly submitted proxies received before the Annual Meeting will be voted at the Annual Meeting in accordance with the instructions indicated on those proxies if they are not revoked before the vote as described below. If no instructions are indicated on a properly submitted proxy, the shares represented by that proxy will be voted as recommended by the Board of Directors. If any other matters are properly presented for consideration at the Annual Meeting, the proxy holders will have discretion to vote on those matters in accordance with their best judgment.

**Revocability of Proxies**

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. A proxy may be revoked by:

- delivering a written notice of revocation to the Secretary of the Company;
- submitting another proxy bearing a later date;
- voting by telephone or via the Internet after a prior telephone or Internet vote; or
- attending the Annual Meeting and voting in person (although attendance at the Annual Meeting alone will not itself revoke a proxy).

**Expenses of Solicitation**

All expenses of this solicitation, including the cost of preparing and mailing this Proxy Statement, will be borne by us. We may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of stock for their reasonable expenses in forwarding solicitation material to such beneficial owners. Our Directors, officers and employees may also solicit proxies in person or by telephone, email, letter or facsimile. Such Directors, officers and employees will not be additionally compensated, but they may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

**Procedure for Submitting Shareholder Proposals**

Shareholders may present proper proposals for inclusion in our proxy materials for consideration at the next annual meeting of our shareholders by submitting their proposals to us in a timely manner. In order to be included in our proxy materials for the next annual meeting, shareholder proposals must be received by us no later than March 18, 2020 and must otherwise comply with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934. If a shareholder wants to nominate a Director or bring other business before the shareholders at the next annual meeting of our shareholders without including the proposal in our Proxy Statement, we must receive notice of the proposal on or before June 1, 2020, and the shareholder must otherwise comply with Rule 14a-4(c) under the Securities Exchange Act of 1934. Notices of intention to present proposals at the 2020 annual meeting of shareholders should be addressed to Corporate Secretary, Daktronics, Inc., 201 Daktronics Drive, Brookings, South Dakota 57006.
At the date of this Proxy Statement, management knows of no other business that may be presented at the Annual Meeting by others. However, if any other matters properly come before the Annual Meeting, it is the intention of the persons named in the enclosed proxies to vote the proxy in accordance with their best judgment.

In addition, Mr. Kurtenbach brings a wealth of industry experience to the Board.

**Independent Directors**
Our Nominating and Corporate Governance Committee has determined that each of Messrs. Anderson, Dutcher, Friel, Morgan and McDermott and Ms. Frame are "independent," as that term is defined in Rule 5605(a)(2) of the NASDAQ Listing Rules. Accordingly, the Board is composed of a majority of independent Directors as required by the NASDAQ Listing Rules. In addition, none of our directors are a party to any agreement or arrangement that would require disclosure pursuant to NASDAQ Listing Rule 5250(b)(3) regarding the payment of compensation to directors by a third party in connection with serving as a director of the Company.
PROPOSAL TWO
ADVISORY (NON-BINDING) APPROVAL OF THE COMPANY’S EXECUTIVE COMPENSATION

The foundation of our executive compensation program is to pay for performance. Base compensation for our executive officers is set relatively low as compared to members of our peer group, and a meaningful portion of the compensation paid to our executive officers is based on long-term equity incentive compensation and annual non-equity incentive compensation, which is focused on the key results and strategic drivers of our business. We believe that our executive compensation program aligns our incentive compensation with the long-term interests of our shareholders.

Our Chief Executive Officer ("CEO") and all of the other executive officers named in the Summary Compensation Table appearing later in this Proxy Statement (collectively, the "Named Executive Officers") are at-will employees consistent with applicable South Dakota state law. There are no employment agreements in place with any of the Named Executive Officers. We also do not maintain any supplemental executive retirement plans for our executive officers, and our Named Executive Officers participate in a retirement program that is open to all of our U.S. employees. We generally do not provide significant perquisites and other personal benefits.

We urge you to read the Compensation Discussion and Analysis section of this Proxy Statement for additional details on our executive compensation, including our compensation philosophy and objectives and the fiscal 2019 compensation of our Named Executive Officers. We believe that, viewed as a whole, our compensation practices and policies are appropriate and are fair to both the Company and its executives.

Proposal
The U.S. Congress has enacted requirements commonly referred to as the "say-on-pay" rules. As required by those rules, we are asking you to vote on the adoption of the following resolution:

BE IT RESOLVED by the shareholders of Daktronics, Inc., that the shareholders approve the compensation of the Company’s Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K in the Company’s Proxy Statement for the 2019 Annual Meeting.

Shareholder Approval
Proxies will be voted in favor of the resolution unless shareholders specify otherwise in their proxies and except for broker non-votes. The affirmative vote of at least a majority of the voting power of the shares present, in person or by proxy, and entitled to vote (excluding broker non-votes) is required for advisory approval of our executive compensation. As an advisory approval, this proposal is non-binding. However, the Board and our Compensation Committee, which is responsible for designing and overseeing the administration of our executive compensation program, value the opinions of our shareholders and will consider the outcome of the vote when making future compensation decisions for our Named Executive Officers.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" PROPOSAL TWO, THE ADVISORY (NON-BINDING) APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THE PROXY STATEMENT PURSUANT TO THE SEC’S COMPENSATION DISCLOSURE RULES.
PROPOSAL THREE
RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed Deloitte & Touche, LLP ("Deloitte") as our independent registered public accounting firm (the "Independent Auditor") to perform reviews of our interim consolidated financial statements to be included in our fiscal 2020 Quarterly Reports on Form 10-Q and to audit our annual consolidated financial statements and our internal control over financial reporting for fiscal 2020, and it recommends that the shareholders vote for ratification of such appointment. A representative from Deloitte is expected to be present at the Annual Meeting, will have the opportunity to make a statement, and is expected to be available to respond to appropriate questions.

Change in Auditor in Fiscal 2018
As reported on a Current Report on Form 8-K filed on September 15, 2017 (the "Change in Auditor 8-K"), effective September 12, 2017, the Audit Committee dismissed Ernst & Young LLP ("EY") as the Company’s independent registered public accounting firm and appointed Deloitte to serve in this role for the fiscal year ended April 28, 2018. For more information, see the Change in Auditor 8-K, as amended by the Current Report on Form 8-K/A (Amendment No. 1) filed on December 1, 2017.

EY audited the consolidated financial statements of the Company for the fiscal years ended April 29, 2017 and April 30, 2016. EY’s audit reports for each of these fiscal years did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principle.

During the fiscal years ended April 29, 2017 and April 30, 2016 and during the subsequent interim period from April 30, 2017 through September 12, 2017, (i) there were no disagreements with EY on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures that, if not resolved to EY’s satisfaction, would have caused EY to make reference to the subject matter of the disagreement in connection with its reports and (ii) there were no “reportable events” as defined in Item 304(a)(1)(v) of Regulation S-K.

The Company provided EY with a copy of the Change in Auditor 8-K and requested EY to furnish the Company with a letter addressed to the SEC stating whether it agrees with the statements contained in the Change in Auditor 8-K. The Company received the requested letter from EY, and a copy of EY’s letter was attached as Exhibit 16.1 to the Change in Auditor 8-K.

During the fiscal years ended April 29, 2017 and April 30, 2016 and during the subsequent interim period from April 30, 2017 through September 12, 2017, neither we nor anyone on our behalf consulted Deloitte regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, and neither a written report nor oral advice was provided to us that Deloitte concluded was an important factor considered by us in reaching a decision as to any accounting, auditing or financial reporting issue, or (ii) any matter that was either the subject of a “disagreement” (as defined in Item 304(a)(1)(iv) of Regulation S-K) or a “reportable event” (as defined in Item 304(a)(1)(v) of Regulation S-K).

Audit and Other Professional Fees
The following table presents the aggregate fees billed for professional services rendered by Deloitte and EY for the last two fiscal years:

(1) Audit fees consist of fees related to professional services rendered in connection with the audit of our annual financial statements, the audit of our internal control over financial reporting, the reviews of the interim financial statements included in our Quarterly Reports on Form 10-Q, and other professional services provided in connection with statutory and regulatory filings or engagements.

(2) Audit-related fees are fees for assurance and related services performed by EY and Deloitte that are reasonably related to the performance of the audit or review of the Company’s financial statements.

(3) All other fees are fees for other permissible work performed by EY and Deloitte that does not meet the above category descriptions.

Audit and other professional fees for fiscal 2019 consisted of $25,000 paid to EY and $954,180 paid to Deloitte. Audit and other professional fees for fiscal 2018 consisted of $162,134 paid to EY and $922,214 paid to Deloitte.
As provided in the Audit Committee’s charter, all engagements for any non-audit services by our Independent Auditor must be approved by the Audit Committee before the commencement of any such services. The Audit Committee may designate a member or members of the Audit Committee to represent the entire Audit Committee for purposes of approving non-audit services, subject to review by the full Audit Committee at its next regularly scheduled meeting.

The Audit Committee considers the provision of services by Deloitte to us, over and above the audit fees, to be compatible with the ability of each of Deloitte to maintain its independence.

Shareholder Approval
The affirmative vote of a majority of the shares of our common stock represented at the Annual Meeting, either in person or by proxy, assuming a quorum is present, is required to ratify the appointment by the Audit Committee of the Board of Directors of Deloitte & Touche, LLP as our Independent Auditor for the fiscal year ending May 2, 2020. If the shareholders do not approve the selection of Deloitte & Touche, LLP, the Audit Committee will reconsider its selection.

CORPORATE GOVERNANCE

Board Leadership Structure
The Board of Directors adheres to governance principles that assure the integrity and continued viability of the Company. The Board has responsibility for risk management oversight and for providing strategic guidance to the Company. The Board believes that it must stay well-informed about the issues, challenges and opportunities facing Daktronics so that the Board members can properly exercise their fiduciary responsibilities to our shareholders. As part of this process, the Board is kept informed of our business through discussions with the Named Executive Officers, by reviewing material provided to them and by participating in meetings of the Board and its Committees.

The Board of Directors currently combines the roles of Chief Executive Officer (“CEO”) and Chairman of the Board (“Chair”). Periodically, our Board of Directors assesses these roles and the Board leadership structure to assure that the interests of the Company and its shareholders are best served. Our Board of Directors has determined that its current structure, with a combined Chair and CEO, is in the best interests of the Company and its shareholders at this time. In addition, the Board has also established a Lead Independent Director role. Ms. Nancy Frame has served as our Lead Independent Director since 2005.

The Chairman conducts the Board meetings, and the Lead Independent Director presides over independent Director meetings. The Lead Independent Director also serves as chairperson of the Nominating and Corporate Governance Committee. In this dual role, the Lead Independent Director is able to bring to the Board a special focus on governance issues. She also facilitates the ability of non-management Directors to fulfill their responsibilities, builds consensus among Board members, and provides a structure for communicating any concerns the non-management Directors may have directly to our executive management.

Our governance practices are compliant with the NASDAQ Listing Rules and the corporate governance regulations of the Sarbanes-Oxley Act of 2002. Among other things, these practices include the following:

• The Nominating and Corporate Governance Committee reviews with the Board annually the composition of the Board as a whole, including the Directors’ independence, skills, experience, age, diversity, and availability of service to the Company.
• The Nominating and Corporate Governance Committee recommends Director candidates for approval by the Board and election by the shareholders, taking into account the Company’s need for diverse skills, professional experiences, backgrounds, and other qualities to ensure a variety of viewpoints.
• The Board conducts periodic self-evaluations facilitated by the Nominating and Corporate Governance Committee.
• The independent Directors meet in conjunction with regularly scheduled quarterly Board meetings and at other appropriate times.
• The Board and all Board Committees are authorized to hire their own advisors as they deem to be necessary or advisable to fulfill their obligations, and the Company will pay the costs of such advisors.

Meetings of the Board of Directors and Committees
During fiscal 2019, the Board of Directors held four regularly scheduled meetings and three special meetings, the Audit Committee met six times, the Compensation Committee met 12 times, and the Nominating and Corporate Governance Committee met four times. All of the Directors attended at least 75 percent of the aggregate of all meetings of the Board of Directors and Committees upon which they served, and all of the Directors attended the annual meeting of shareholders held in September 2018.

Executive Sessions of the Board
The Board has adopted a practice of meeting in executive session, and then with independent Directors only, in conjunction with each regularly scheduled Board meeting. The independent Directors met four times in fiscal 2019.

Annual Meeting Attendance Policy
As set forth in our Corporate Governance Guidelines, members of the Board of Directors are expected to devote sufficient time and attention to prepare for, attend and participate in Board meetings, shareholder meetings, and meetings of Committees of the Board on which they serve.

Board's Role in Risk Oversight
The Board takes an active role in risk oversight both as a full Board and through its Committees. The Company's management team attends a portion of each regular Board meeting, and the Board engages management in a review of the business with respect to our strategies and risks. Such risks include those inherent in our businesses as well as the risks from external sources such as competitors, cybersecurity, the economy, credit markets, and regulatory and legislative developments.

The various Committees of the Board are also responsible for specific areas of risks. The Audit Committee meets regularly with management and our Independent Auditor to oversee our financial risk management processes, controls and capabilities. The Audit Committee also oversees and reviews with management certain aspects of our information systems, credit, litigation, and currency risks.
and other finance matters. In addition, the Audit Committee reviews and monitors our procedures regarding the receipt, retention and treatment of complaints regarding internal accounting, accounting controls or audit matters. The Compensation Committee oversees our executive compensation arrangements and certain benefit plans. This includes the identification and management of risks that may arise from our compensation policies and practices. The Nominating and Corporate Governance Committee has oversight of corporate governance, including practices and procedures that promote good governance and thus mitigate governance risk, and it is also responsible for reviewing the performance of the Board, its Committees and their members. These Committees report to the full Board on these topics, including risks, as they deem to be necessary or advisable.

**Code of Conduct**
The Board of Directors has adopted our Code of Conduct, which applies to all of our employees, officers and Directors as described in our Annual Report to Shareholders. Included in the Code of Conduct are ethics provisions that apply to our Chief Executive Officer, Chief Financial Officer, and all other financial and accounting management employees. Copies of the Code of Conduct are available on our website at www.daktronics.com. The Nominating and Corporate Governance Committee reviews the Code of Conduct annually and oversees its implementation.

**Policy and Procedures with Respect to Related Party Transactions**
Our Board of Directors has adopted a written policy and procedure with respect to related party transactions, which the Audit Committee oversees. Under the policy, a "related party transaction" is generally defined as a transaction, arrangement or relationship in which the Company was, is or will be a participant; the amount involved exceeds $120,000; and in which any "related person" had, has or will have a direct or indirect material interest. The policy generally defines a "related person" as a Director, executive officer or beneficial owner of more than five percent of any class of our voting securities and any immediate family member of any of the foregoing persons.

The Audit Committee reviews and, if appropriate, approves related party transactions, including certain transactions which are deemed to be pre-approved under the policy. On an annual basis, the Audit Committee reviews any previously approved related party transaction that is ongoing.

**Committees of the Board of Directors**
The Board of Directors currently has three standing Committees: an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee.

**Audit Committee.** During fiscal 2019, our Audit Committee consisted of Kevin P. McDermott (Chairperson), John L. Mulligan (until his retirement on September 7, 2018), John P. Friel, and James B. Morgan. The Board of Directors has determined that each Audit Committee member is independent as defined under Rule 5605(a)(2) of the NASDAQ Listing Rules and Rule 10A-3 under the Securities Exchange Act of 1934 (the "Exchange Act"). The Board has determined that Mr. McDermott, Mr. Friel, and Mr. Morgan are qualified as "audit committee financial experts," as that term is defined in Item 407(d)(5) (ii) of Regulation S-K. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities concerning the quality and integrity of our financial reports and related filings with the SEC. In fulfilling this role, the Audit Committee, among other things, oversees the accounting and financial reporting process and audits of the financial statements and related SEC filings, appoints and determines the compensation of our Independent Auditor, reviews the scope and findings of the audit, reviews the adequacy and effectiveness of our accounting policies and system of internal control over financial reporting, and oversees our policy and procedures with respect to related party transactions. The Audit Committee’s Charter is available on our website at www.daktronics.com.

**Compensation Committee.** During fiscal 2019, our Compensation Committee consisted of Robert G. Dutcher (Chairperson), Byron J. Anderson, and John P. Friel. All of the Compensation Committee members satisfy the independence requirements of the NASDAQ Listing Rules, as determined by the Board of Directors. The Compensation Committee annually reviews and approves the Chief Executive Officer’s and other executives’ compensation packages and acts upon management’s recommendations for executives concerning employee equity incentives, bonuses, and other compensation and benefit plans. The Compensation Committee’s Charter is available on our website at www.daktronics.com.

**Nominating, and Corporate Governance Committee.** During fiscal 2019, our Nominating and Corporate Governance Committee (the "Nominating Committee") consisted of Nancy D. Frame (Chairperson), Byron J. Anderson, and James B. Morgan. The Board of Directors has determined that all of the Nominating Committee members satisfy the independence requirements of the NASDAQ Listing Rules. Our Nominating Committee advises and makes recommendations to the Board of Directors on all matters concerning the selection of candidates as nominees for election as Directors, develops and recommends to the Board of Directors corporate governance guidelines, oversees our Code of Conduct, and provides oversight with respect to corporate governance and ethical conduct. It also facilitates the annual review of the performance of the Board of Directors. The Nominating Committee’s Charter and our Corporate Governance Guidelines are available on our website at www.daktronics.com.

The information below describes the criteria and process that the Nominating Committee uses to evaluate future candidates to the Board of Directors:
Director Qualifications

When Board candidates are considered, they are evaluated based upon various criteria, such as their broad-based business and professional skills and experiences, experience serving as management or on the board of directors of other organizations, concern for the long-term interests of the shareholders, technology company experience, financial literacy, personal integrity and judgment, and willingness to be prepared and active participants at Board and Committee meetings. The Nominating Committee and the Board seek to attract and retain highly qualified Directors who have sufficient time to attend to their duties and responsibilities to the Company.

The Nominating Committee and the Board seek members who will contribute to our overall corporate goals, taking into account:

- The Company’s responsibility to its key stakeholders, which include shareholders, customers, suppliers, community, and employees.
- Integrity in financial reporting and business conduct. Candidates are selected based upon their potential contributions to the long-term interests of shareholders.
- Diversity of a candidate’s skills and experiences.

Each candidate for Director must possess the following specific minimum qualifications:

- Demonstrated integrity and ethics in his or her professional life and an established record of professional accomplishment in his or her chosen field.
- Absence of any material personal, financial or professional interest in any present or potential competitor of the Company.
- Ability to participate fully in activities of the Board of Directors, including active membership in at least one Committee of the Board of Directors (in the case of independent Directors) and attendance at, and active participation in, meetings of the Board of Directors and the Committee(s) of the Board of which he or she is a member.

Shareholder Proposals for Nominees

The Nominating Committee will consider written proposals from shareholders for nominees for Director. Any such nominations must be submitted to the Nominating Committee in the care of our Corporate Secretary and should include (at a minimum) the following information: (a) all information relating to such nominee that is required to be disclosed in Schedule 14A under the Exchange Act (including appropriate biographical information); (b) other board memberships; (c) such person’s written consent to being named in the Proxy Statement as a Director nominee and to serving as a Director, if elected; (d) the name(s) and address(es) of the shareholder(s) making the nomination and the number of shares of our common stock which are owned beneficially and of record by such shareholder(s); and (e) a statement as to the qualifications of the nominee. Shareholder proposals should be submitted by the deadline described in this Proxy Statement under the caption "Procedural Matters – Procedure for Submitting Shareholder Proposals" above.

The Nominating Committee will not change the manner in which it evaluates candidates for Board nominees, including the applicable criteria set forth above, based on whether the candidate was recommended by a shareholder. To date, we have not received any shareholder proposals to nominate a Director.

Board of Directors’ Evaluation

On an ongoing basis, the Nominating Committee facilitates a process to determine whether the Board of Directors and its Committees are functioning effectively. The results of this process are reported to the Board for discussion.

Shareholders wishing to contact our Board of Directors may do so by writing to it at the following address: Corporate Secretary, Daktronics, Inc., 201 Daktronics Drive, Brookings, South Dakota 57006. All letters received will be forwarded to the Board of Directors.

DELINQUENT SECTION 16(a) REPORTS

Section 16(a) of the Securities Exchange Act of 1934 requires that our Directors, executive officers, and persons who own more than 10 percent of a registered class of our equity securities ("10% Shareholders") file with the SEC initial reports of ownership on Form 3 and reports of change in ownership on Form 4 or Form 5. To our knowledge, based solely on a review of such forms filed with the SEC and on written representations from our reporting persons, we believe all required reports were filed on a timely basis during fiscal 2019.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction
The following discussion should be read in conjunction with the various tables and accompanying narrative disclosure appearing in this Proxy Statement. Those tables and narrative disclosure provide more detailed information regarding the compensation and benefits awarded to, earned by, or paid to our Named Executive Officers, as well as the plans in which they are eligible to participate. At last year’s annual meeting, our shareholders provided an advisory “say-on-pay” vote indicating their overwhelming support of the Company’s compensation program for our Named Executive Officers. Our shareholders had previously voted that such say-on-pay votes be held annually. As a result, Proposal Two presented in this Proxy Statement seeks our shareholders’ input on our executive compensation program. This Compensation Discussion and Analysis, the compensation tables, and the narrative disclosures that accompany the tables provide information that will assist our shareholders in deciding how to vote on Proposal Two.

Executive Summary
Our executive compensation program, developed by management and approved by the Compensation Committee of the Board of Directors (the "Committee"), is intended to be simple (easily understood) and team-based, focused on a few key performance metrics, and balanced among:

- Employees, managers and executives;
- long-term and short-term objectives;
- financial and stock performance; and
- cash and equity compensation.

The compensation program is designed to align the interests of the executive team with the interests of our shareholders. It uses salary, benefits, and non-equity-based and equity-based incentive plans to achieve these goals, with a focus on tying compensation to corporate performance. The retention of top talent and the achievement of corporate objectives measure the effectiveness of our compensation program.
The Company's financial performance for the fiscal year ended April 27, 2019 included an increase in orders and a decrease in sales as compared to fiscal 2018. Orders increased in the Commercial, High School Park and Recreation, and Transportation business units and decreased in the Live Events and International business unit. Commercial orders increased primarily due to activity in the spectacular market in Times Square, Las Vegas, and other unique locations. In addition, Commercial orders grew in the out-of-home ("OOH") segment as a result of higher demand for digital billboard replacements, new digital billboard installations, and to securing a multimillion-dollar OOH airport installation. High School Park and Recreation orders grew as the market demand continued for video products and control system solutions as well as on-going success selling marquees and scoring systems. Historically, video projects have a larger average selling price than traditional scoreboard sales in this business unit. Transportation orders grew in both intelligent transportation systems and tolling applications as state transportation departments and private public partnerships continue to invest in technology to better inform travelers, manage transport systems, and collect revenues. We had continued order success throughout most of our Live Events sports and entertainment markets but had lower order volume in professional sports as there were fewer projects in the market as well as strong competition. International business unit orders were down due to the general variations in timing of large contracts and account-based order placements. Net sales increased in the Commercial, Transportation, High School Park and Recreation, and International business units. This change in sales correlates to order levels and to the timing of converting orders and backlog into sales. The timing of order conversion is based on customer driven delivery schedules. Live Events business unit sales declined for the same reasons as the decline in orders. Financial metrics for fiscal 2019 included a 0.3 percent negative return on assets and a 0.5 percent negative return on beginning shareholders' equity. In fiscal 2019 compared to fiscal 2018, sales decreased 6.7 percent and operating income decreased by 137.9 percent. In fiscal 2019, operating loss as a percent of sales decreased to 0.8 percent as compared to an operating income as a percentage of sales of 2.0 percent in fiscal 2018.

Changes to executive compensation during the current fiscal year were mainly due to maintaining the competitiveness of our compensation program.

Role of Compensation Committee, Philosophy and Objectives
The Compensation Committee has the responsibility for guiding our executive compensation philosophy and overseeing the design of our executive compensation programs. In arriving at the appropriate levels of pay and incentive opportunities, the Committee reviews our compensation philosophy and trends in our peer group to assure that our executive compensation program is competitive to effectively recruit and retain talented management, focus our executives to achieve short and long-range corporate objectives, and align the interests of the executives with the interests of our shareholders.

The Committee bases its executive compensation decisions on the following philosophies:

- Executive compensation should be appropriate to recruit and retain high-performing executives successfully, taking into account executive pay at comparable companies and our pay practices for non-executive employees.
- An individual executive's compensation should be based on the executive's responsibility level, capability and performance.
- The executive team's compensation should include a significant component that is based on the Company's overall financial performance to encourage the executive team to focus on the overall success of the Company.
- Our executives should receive few perquisites, if any, other than those provided to all employees.

The Committee annually reviews each executive's compensation. The Committee has determined that our executives' compensation will include base salary, non-equity-based incentive compensation, and equity-based incentive pay in the form of options and restricted stock units. We view the various components of compensation as related but distinct.

We determine the appropriate level for each executive compensation component based in part, but not exclusively, on the following factors:

- internal equity and consistency;
- individual performance;
- the executive compensation paid by other companies with which we compete for executive talent; and
- Company performance.

The base salary reflects the pay the Committee believes is appropriate for each executive's responsibility, capability and performance. The non-equity-based incentive compensation is designed to focus the executive team on the Company-wide goals and objectives, which focus on growth in revenue and reductions in costs in order to achieve and sustain a target operating margin. The Committee has not adopted any formal policies or guidelines for allocating compensation between long-term and currently paid-out compensation, between cash and non-cash compensation, or among different forms of non-cash compensation, although it has a preference for a material amount of "at risk" compensation, the amount of which is based on our financial results. The equity-based compensation plan is designed to encourage executives to also own stock in the Company, and thereby align executives' interests with our shareholders' interests.
The Committee considers both internal equity and market competitiveness. We compare executive pay to the compensation of other key managers and employees at the Company. As described below, we also compare overall executive compensation to comparison companies and to salary database information. The Committee believes that equitable and competitive compensation, as well as leader development and promotion-from-within, are essential to retain high-performing executives. Our currently employed non-Director Named Executive Officers have an average of 26.4 years of experience with Daktronics.

For fiscal 2019, our Named Executive Officers were Reece A. Kurtenbach, President and Chief Executive Officer; Sheila M. Anderson, Chief Financial Officer and Treasurer; Bradley T. Wiemann, Executive Vice President; Matthew J. Kurtenbach, Vice President of Manufacturing; and Carla S. Gatzke, Vice President of Human Resources and Secretary.

**Role of Executive Officers in Compensation Decisions**

Our Chief Executive Officer and Vice President of Human Resources present to the Compensation Committee their recommendations for the salary, non-equity-based incentive compensation, and equity-based compensation grants for the Named Executive Officers and selected other executives. The Committee considers these recommendations and accepts or adjusts them, in whole or in part. The Chief Executive Officer and Vice President of Human Resources are not present for the discussions or determinations about their own compensation, but they generally participate in the discussions regarding other executive officers’ compensation. The Chair of the Compensation Committee presents the Committee’s findings regarding compensation for executive officers to the Board of Directors. Based on such input, the Board of Directors reviews and generally approves and adopts the Committee's recommendations regarding the executives' compensation plan.

**Benchmarking**

In making decisions regarding elements and amounts of compensation, the Committee considers the compensation paid to executive officers at similar levels and responsibilities. These are public companies in our geographical area (South Dakota, North Dakota, Minnesota, Iowa, and Nebraska) with revenues of between $250 million and $1 billion and with a focus on manufacturing or technology.

The following list sets forth the companies comprising our peer group list:

- Apogee Enterprises, Inc.
- Badger Meter, Inc.
- Bio-Techne Corporation
- Winnebago Industries, Inc.
- Raven Industries, Inc.
- Graco, Inc.

- Hawkins, Inc.
- EVINE Live Inc.
- Tennant Company
- Lindsay Corporation
- Actuant Corporation
- MTS Systems Corporation

The Committee also considers compensation data from Salary.com and the Economic Research Institute, which takes into consideration company size, geography, base salary and variable cash compensation but excludes equity incentive compensation information.

The Committee believes that its executive compensation is sufficiently conservative, as well as appropriately competitive, so as not to require an external consultant opinion.

**Elements of Compensation**

For fiscal 2019, the principal components of our executive compensation program consisted of the following, each of which is addressed below in greater detail:

- base salary;
- non-equity-based incentive compensation plan;
- equity-based compensation plan; and
- benefits.

**Base Salary.** The base salary reflects each executive's responsibility, capability and performance. Base salary is determined based on the benchmarking data for the executive's responsibilities, the executive's experience, and the executive's performance and the impact of such performance on our business results.

The Committee also takes into account the Company's financial performance, and it has in the past limited executive pay changes based on business or economic conditions. The Committee also considers the recommendations of the Chief Executive Officer for other Named Executive Officers.

**Non-Equity-Based Incentive Compensation Plan.** The purpose of our non-equity-based incentive compensation plan is to focus the executive team on the Company-wide goals and objectives of growth in revenue and reductions in costs in order to achieve and sustain
a target operating margin. The non-equity-based incentive compensation plan is a formula-based variable cash compensation plan, with no payouts if operating margin is less than 2.5 percent, targeted payouts at a 10 percent operating margin, and maximum payouts at a 12.5 percent operating margin. The targeted level of variable cash compensation varies from an amount equal to five months of base salary to eight months of base salary for each executive officer. The maximum level of the variable cash compensation is 120 percent of the targeted level of variable cash compensation.

This level of non-equity compensation takes into account other non-equity incentive compensation plans at comparable companies, as well as the Committee's preference for a material level of executive compensation that varies with the Company's performance. The Compensation Committee selected the operating margin measure for the formula because they believe it is the most appropriate indicator of performance that will drive long-term shareholder value, and it is consistent with our corporate strategies.

The various payout percentages based on operating margins are as follows:

We follow applicable laws and regulations regarding the recovery of any non-equity-based compensation, other incentive-based or equity-based compensation, and profits realized from the sale of securities resulting from any misconduct on the part of an executive officer.

During fiscal 2019, the Named Executive Officers were eligible for non-equity-based incentive compensation if the maximum payout of 120 percent of target was achieved as follows: Chief Executive Officer - 80 percent of his base salary; Chief Financial Officer - 55 percent of her base salary; Vice President and Secretary - 50 percent of her base salary; and all other Named Executives Officers - 65 percent of their base salaries. For fiscal 2019, there was no non-equity-based incentive compensation paid out to any Named Executive Officer. For fiscal 2018, there was no non-equity-based incentive compensation payout of approximately 1 percent of the target, or 1 percent of the maximum payouts.

Equity-Based Compensation Program. Grants of equity awards offer long-term incentives to our executives and align the interests of employees more closely with those of our shareholders.

Each year, the Board of Directors, based on recommendations of the Compensation Committee, determines the number of shares that may be subject to equity awards for all employees, including the Named Executive Officers. The total number of shares subject to equity awards is constrained by our Board’s desire to limit dilution to shareholders to a level consistent with our historical levels, which generally approximate a dilution of one percent, and to limit the total grant date fair value of the equity awards to a targeted level. The one percent dilution is based on an assessment of a conservative amount relative to high-tech growth companies. The grant date fair value is based on a comparison to the prior fiscal year’s expense and the current year’s estimate of a percentage of total payroll expense. The Compensation Committee and the Board of Directors generally follow a practice of calculating the equity grant valuation limit based on the share price on the date of the Compensation Committee meeting at which the equity grants are determined by the Committee for recommendation to the Board to assure that the valuation limit is consistent with the approximate dilution limit of one percent. The Compensation Committee then allocates these equity grants to the Named Executive Officers, and the Chief Executive Officer allocates equity grants to selected employees. To facilitate the grant of stock options to employees and other executive officers, the Board of Directors authorized the Chief Executive Officer to grant individual stock options and restricted stock units during fiscal 2019, subject to the guidelines and limitations imposed by the Compensation Committee.

The Committee also considers trends in equity-based compensation, the mix of the type of equity grants, and the number of our shares that are available for equity grants. The Compensation Committee and the Board of Directors also generally follow a practice of allocating similar equity grants to each of the Named Executive Officers, with some variation based on responsibilities and experience. The allocation to the Named Executive Officers is based on historical grants, the value of past grants, and the Company’s performance, all of which are subject to the objectives listed under the section of this Proxy Statement entitled “Compensation Discussion and Analysis - Role of Compensation Committee, Philosophy and Objectives.”

For fiscal 2019, the Compensation Committee determined that each Named Executive Officer would be allocated equity grants for approximately 8,750 shares of common stock, with a ratio of 2.5 to 1 of incentive stock options to restricted stock units. The Committee determined that Mr. Reece A. Kurtenbach should receive a grant of approximately twice the amount of the other Named Executive Officers.
to facilitate his ownership of additional stock of the Company as the CEO and to reflect a ratio of grants to the CEO compared to the grant to Named Executive Officers that is more similar to the ratio in the benchmarking data. The Committee determined that the valuation of the equity grants, based on the grant date fair value as determined under ASC 718, would be limited to approximately $2.5 million for all employees, including the Named Executive Officers. The value of the restricted stock units was equal to 119.8 percent of the value of the stock options for executives, as determined under the fair value provisions of ASC 718. For fiscal 2019, all equity grants to employees were made under the Daktronics, Inc. 2015 Stock Incentive Plan (the "2015 Plan").

The Board and the Compensation Committee approve equity grants for Named Executive Officers and other employees annually in their summer meetings to coincide with the Director equity grants and the annual meeting of shareholders. Equity awards are not typically granted at other times of the year for employees, including new employees. The exercise price of all stock options granted is equal to the fair market value of the Company’s common stock as reported on The NASDAQ Global Select Market on the date of grant, which is defined in the Daktronics, Inc. 2007 Stock Incentive Plan (the “2007 Plan”) and the 2015 Plan as the closing price of the common stock as reported on The NASDAQ Global Select Market on the date of grant. All options also contain five-year vesting provisions, with 20 percent of the shares underlying the stock option vesting each year following the date of grant. The restricted stock units also contain a five-year vesting provision, with 20 percent of the restricted stock units vesting each year following the date of grant.

Benefits. Our Named Executive Officers are eligible for all benefits generally available to our full-time employees. We do not provide pension arrangements, post-retirement health coverage, or similar benefits for our executives or employees.

All employees, including the Named Executive Officers, are entitled to participate in the 401(k) Plan, which is qualified under Section 401(k) of the Internal Revenue Code (the "Code"). At the discretion of the Board of Directors, we may make matching contributions equal to a percentage of the salary deduction contributions or other discretionary amounts. We paid $2.8 million in matching and discretionary contributions in fiscal 2019, $2.6 million in fiscal 2018, and $2.5 million in fiscal 2017. Contributions to the 401(k) Plan on behalf of the Named Executive Officers are described in the table entitled "Summary Compensation Table – Fiscal 2019."

All employees, including the Named Executive Officers, are entitled to participate in the Daktronics, Inc. Employee Stock Purchase Plan, or ESPP, which is intended to qualify under Section 423 of the Code. The ESPP allows employees to purchase shares of our common stock, subject to annual limitations, at a price equal to 85 percent of the lower of the fair market value of the common stock at the beginning or the end of each six-month offering period.

Accounting and Tax Treatment

We account for equity-based compensation paid to employees under ASC 718, Compensation-Stock Compensation, promulgated by the Financial Accounting Standards Board, which requires us to estimate and record an expense over the service period of the award. Thus, we may record an expense in one year for awards granted in earlier years. Accounting rules also require us to record cash compensation as an expense at the time the obligation is accrued.

With respect to option awards, we generally can deduct the gain recognized by employees and Directors from the exercise of non-qualified options. However, to the extent that an option is an incentive stock option, we cannot deduct the gain recognized by the optionee upon exercise of the option if there is no disqualifying disposition by the optionee.

With respect to restricted stock awards, we generally can deduct the fair market value of the shares vested on the vesting date. Alternatively, if the recipient were to make an election under Section 83(b) of the Code, we would be entitled to a deduction on the date of grant equal to the value of the restricted stock on the date of grant.

Section 162(m) of the Code generally disallows a tax deduction to a public company for compensation in excess of $1 million paid to the company's chief executive officer and four other most highly-paid executive officers. Qualifying performance-based compensation will not be subject to the deduction limitation if certain requirements are met. Because the potential amount of base salary and non-equity-based incentive compensation that each of our executive officers can earn is less than $1 million, Section 162(m) has not been material to our compensation decisions.

Post-Employment Compensation

**Potential Payments upon Termination of Employment or Change in Control**

The table below reflects the compensation that would be paid to each of our Named Executive Officers in the event of termination of such executive’s employment. The amounts shown assume that such termination was effective as of April 27, 2019, include estimated amounts earned through such date, and are estimates of the amounts which would be paid out to the Named Executive Officers upon the termination of their employment. The actual amounts to be paid can be determined only at the time of such Named Executive Officer’s separation from the Company. In addition, there may be re-negotiation of the payments upon any termination of employment or change in control.

Under the 2007 Plan and the 2015 Plan, all options and restricted stock units immediately vest upon a "change in control", as that term is defined in the 2007 Plan and the 2015 Plan. Upon a termination of employment for any reason, and consistent with our employment policies which apply to all employees, we are obligated to pay for accrued and unused vacation time, which would then be payable in a lump sum.

(1) For option awards, consists of the difference between the $7.30 per share closing price of the common stock as reported on The NASDAQ Global Select Market as of April 26, 2019, which was the last business day of fiscal 2019, and the exercise price of the option multiplied by the number of shares subject to the option.

Other Post-Employment Payments
We do not provide pension arrangements, post-retirement health coverage or non-qualified defined contribution plans.

Compensation Risk Analysis
The Compensation Committee has established the non-equity incentive program to be based on the same Company-wide measure for each executive. As previously described, the Committee has selected operating margin as the Company-wide measure. Basing the program on the same Company-wide measure for all the executives minimizes the risks associated with individual formulas based on individual actions. The non-equity incentive program is the only formula-based incentive-compensation program in the Company.

CEO Pay Ratio
Pursuant to Item 402(u) of Regulation S-K and Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are providing the following information with respect to fiscal 2019:

- the annual total compensation of the median employee of our Company (which excludes our CEO) was $48,585; and
- the annual total compensation of our CEO was $516,234.

Based on this information, a reasonable estimate of the ratio of the annual total compensations of our CEO and the median employee for fiscal 2018 was approximately 11 to 1.

For fiscal 2019, we used the same median employee that was identified in fiscal 2018. In fiscal 2018, to identify the median employee’s total annual compensation, we first identified all employees worldwide as of March 9, 2018, including all full-time, part-time, temporary and student employees, and excluding our CEO. We then determined a consistently applied compensation measure by calculating each employee’s total compensation as the annualized value of their current base hourly or salary rate. Compensation paid in currencies other than U.S. dollars were converted to United States dollars based on average exchange rates for the period ended February 24, 2018. We used this calculated annual compensation to identify the median employee.

We determined that we could use in our fiscal 2019 CEO pay ratio analysis the same median employee that we identified in fiscal 2018 because there has been no change in either our employee population or our employee compensation arrangements that we believe would significantly impact our fiscal 2019 pay ratio disclosure. Similarly, there has been no change in our median employee’s circumstances that we reasonably believe would result in a significant change to our fiscal 2019 pay ratio disclosure.
The identified median employee received $47,320 of base pay in fiscal 2019. We then calculated the median employee's annual total compensation on the same basis that we used to calculate the total compensation of our Named Executive Officers set forth in the Summary Compensation Table, which added $1,265 to the median employee's base pay consisting of matching contributions made by the Company under the 401(k) Plan for the 2018 fiscal year and overtime. Thus, our median employee's annual total compensation was $48,585.

The pay ratio reported above is calculated in a manner consistent with SEC rules and guidance, based on our internal records and the methodology described above. In addition, the rules for identifying the "median employee" and calculating the pay ratio allow companies to apply various methodologies and assumptions. As a result, the compensation for our median employee and the pay ratio reported by us should not be used as a comparison to the information reported by other companies.

The Audit Committee has established procedures for the receipt, retention and treatment of complaints received by us regarding accounting controls or auditing matters and the confidential, anonymous submission by our employees of any accounting, internal accounting controls or auditing matters and the confidential, anonymous submission by our employees of any concerns regarding questionable accounting or auditing matters. The Audit Committee operates under a formal written charter that has been adopted by the Board of Directors and is available on the Company’s website at www.daktronics.com. The charter was last amended effective March 1, 2018.

The members of the Audit Committee are appointed annually by the Board of Directors. (1) Retired from the Board effective September 7, 2018.

The Audit Committee has reviewed and discussed with management and the Independent Auditor our audited consolidated financial statements as of and for the fiscal year ended April 27, 2019 and the results of management's assessment and the Independent Auditor's audit of the effectiveness of the Company's internal control over financial reporting; the significant accounting policies, including their quality and acceptability, applied by management in the preparation of our financial statements, as well as alternative treatments; and management's and the Independent Auditor's judgment with respect to risk assessment. We have discussed with our Independent Auditor the matters required by the standards of the Public Company Accounting Oversight Board ("PCAOB"), including PCAOB Auditing Standards No. 1301, Communications With Audit Committees, the rules of the Securities and Exchange Commission, and other applicable regulations. We have also received from the Independent Auditor the written disclosures and the letter required by applicable requirements of PCAOB Rule 3526, Communications with Audit Committees Concerning Independence, regarding the Independent Auditor's independence; and reviewed and pre-approved fees charged by the Independent Auditor and considered whether the Independent Auditor's provision of non-audit services to us is compatible with its independence. The Audit Committee also met in executive session following each of the formal Audit Committee meetings with representatives of our Independent Auditor.

The Audit Committee recognizes the importance of maintaining the independence of the Company's Independent Auditor, both in fact and appearance. Each year, the Audit Committee evaluates the qualifications, performance and independence of the Company's
Independent Auditor and determines whether to re-engage such firm. In doing so, the Audit Committee considers, among other things, the quality and efficiency of the services provided by the Independent Auditor, its capabilities and its technical expertise, its knowledge of the Company's operations and industry, and relevant information concerning its independence. Based on this evaluation, the Audit Committee of the Board of Directors recommended the appointment of Deloitte & Touche, LLP as our Independent Auditor to perform reviews of our interim consolidated financial statements and to perform audits of our annual consolidated financial statements and of our internal control over financial reporting for fiscal 2020.

Based on the review and discussions described above, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements for the fiscal year ended April 27, 2019 be included in our Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

By the Audit Committee,

Kevin P. McDermott, Chair
John P. Friel
James B. Morgan

HOUSEHOLDING OF ANNUAL DISCLOSURE DOCUMENTS

We have adopted a procedure called "householding," which has been approved by the SEC. Under this procedure, we are delivering only one copy of our Annual Report, this Proxy Statement and our Notice of Internet Availability of Proxy Materials to multiple shareholders who have requested paper copies of the Annual Report and Proxy Statement and who share the same address, unless we have received contrary instructions from one or more of the shareholders. Shareholders who participate in householding will continue to be able to access and receive separate proxy cards or voting instruction cards. In addition, some banks, brokers and other intermediaries may be participating in this practice of householding our Annual Report, this Proxy Statement and our Notice of Internet Availability of Proxy Materials.
